Letter of Recommendation

To Whom It May Concern,

It is my pleasure to recommend Ms. Arezo Noori for your scholarship program. I had the opportunity to supervise her for a period of three months during her internship as a UI/UX Designer at our organization.

Throughout this period, Arezo consistently demonstrated creativity, dedication, and a strong sense of responsibility. She quickly adapted to our team's workflow, contributing fresh ideas and innovative design solutions that enhanced both the usability and aesthetic quality of our digital products. Her ability to understand user needs and translate them into clear, intuitive designs was impressive and showed maturity beyond her years of experience.

Arezo is a fast learner with strong attention to detail. She communicates effectively, collaborates well with developers and project managers, and maintains a positive attitude even under tight deadlines. What stood out most about her was her eagerness to learn and her commitment to improving her skills.

I am confident that Arezo will bring the same level of enthusiasm, creativity, and discipline to her studies as she has shown in her professional work. She has my full support for this scholarship, and I have no doubt that she will make a valuable contribution to your program.

Sincerely,
